DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Wadensten, U.S. 4,425,813.

Regarding claims 1-2, Wadensten discloses in figure 1, an engine-generator arrangement having an internal combustion engine (210) whose output shaft (196) is connected to the drive shaft (170) of the generator (160) by way of an elastic coupling (190). Wadensten discloses the engine casing of the internal combustion engine is connected rubber - elastically to the generator so that a direct contact between the engine casing and the generator casing is avoided (col. 1, lines 46-57).

As to claim 3, Wadensten discloses mounted on the engine casing is a first annular flange (fig 2) which is arranged substantially around the driven shaft. Wadensten discloses that mounted on the generator is a second annular flange (164) which is arranged substantially around the drive shaft and the two annular flanges are connected together by way of at least one elastic member (230).

As to claim 4, Wadensten discloses the elastic intermediate member has a rubber elastic elastomer layer.

Response to Arguments

Applicant's arguments with respect to claims 1-2 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
